Proposed Topic

“How our CT Scanner has helped us...
... and could help you”

Aim

To raise awareness of the practicalities of 3D Imaging in the diagnosis and treatment of oral and dental conditions.

Objectives

1. Share our current experience and highlight the benefits and limitations of the technique
2. Understand how 3D Imaging can help on the diagnosis and treatment planning
3. Create a network of professionals interested in 3D Scanning.

RSVP

Please respond via post or e-mail to Linda Hallam at referrals@carisbrookedental.co.uk
